

Internship Completion Letter

Date: February 8, 2023

To Whom It May Concern:

This is to certify that **Mr. Nagaraj Pandith**, has successfully completed his Internship at forent inc. from November 2022 to January 2023 as a Software Engineering Intern in the Development Department.

He has been a part of following project:

- **Project Title:** Excamp
 - **Tech Stack:** Next.js, Typescript, React-Bootstrap, SCSS
- **Responsibilities:**
 - Designing, building, and optimizing new pages and user experiences
 - Help develop new pages and modules across the site
 - Help maintain & update the existing codebase and its packages
 - Researching the team on UX/UI best practices

During the internship he has proved to be having strong understanding of React. He consistently demonstrated his ability to understand complex requirements and translate them into effective and efficient code.

We wish him all the best for his future endeavours.

Best regards,

Kohei Tsukazaki
